

Inspection performance up, costs down

Full service contract with lifetime option

The combination for best protection

Keep control over your XRE-D solutions. In terms of runtime, performance and maintenance or repair costs. The Full service contract with lifetime option gives you best possible protection.

High availability

With the lifetime option the performance of the XRE-D core elements is ensured: **X-ray source and detector**. Because we replace these elements **preventively** before they fail. Professional and economical. The replacement is based on the operating hours of your X-ray inspection system.

Your benefits

- Forward-looking service for smooth processes
- Reliable compliance with legal requirements

Constant detection performance

Timely replacement of core elements ensures your product quality. The XRE-D X-ray inspection systems **detect** contaminations and defects in products and packaging **at a consistently high level**. Only food of **perfect quality** is supplied to the market.

Your benefits

- 100 % quality and food safety

Transparent costs

Your Full service contract with lifetime option makes your **costs transparent and therefore easier to plan**: Travel and labor costs are included as well as the costs for original Bizerba wear and tear parts and their replacement. The best thing about it: You even save costs. Up to 20 %.

Your benefits

- Full cost control
- Lower costs

Our combined services at a glance

Full service contract

Minimum term of contract:
5 years

Annual maintenance

- Continuous warranty on all spare parts and wear and tear parts during the contract period
- Hardware incl. wear and tear parts check
- Remote and on-site support
- Travel expenses included
